Child Care Check has now been updated with a more user-friendly and detailed search interface:

The Home Page contains five easy pre-set search options. Click on the tile for:

- All Providers
- Early Achievers Participating Providers
- Child Care Center Providers
- Family Home Child Care Providers (best searched by last name)
- School-age Program Providers

OR

Use the search bar below the tiles by entering information about one of the following categories:

- Provider Name
- Provider ID
- Phone Number
- City
- Zip Code

Just below the search bar is contact information for Child Care Aware of Washington. Use the link or phone number for more help in finding programs to meet specific families’ needs.
Above the right side of search bar, there is a link for “Advanced Search.” This takes you to the search results page:

- This page results from any filter applied on the home page; for the example above, a center name was entered.
- Search criteria can be changed from this page.
- Search options include:
  - Provider Name
  - Provider ID
  - Phone
  - City
  - Zip Code
  - Facility Type
  - Provider Type
  - County
  - Early Achievers Status
- You can also do a “radial search” by entering a start location and entering the number of miles you wish to search from.
- A map is displayed next to each provider record. Child Care Centers and School-Age programs will show the exact location on a map; however, Family Home Child Care programs will only show the general location by city.

You may see some fields that are blank; this is due to a number of possible reasons:

- Information was not available in the past, but will be populated over time (e.g., hours of operations, website)
- Information is optional for providers to supply (e.g., languages spoken in program)

On this screen, you will see the following tabs, which you can click to view:

- Early Achievers: status and brief description
- Complaints: provides a list of all VALID complaints over the previous six years of licensed history
- Background Check: provides a list of the employees associated with the program, and the status of their background check
- Inspections: provides a list of all inspections and Facility Licensing Complaints Agreements over the previous six years
- License History: A child care facility may have different license types at different times. For example, a new licensed provider starts with an initial license and works toward a non-expiring license after the provider demonstrates full compliance with licensing regulations.
